

# WORK-LIFE JOURNAL

Congratulations on joining the journey to bring Jesus into your 'everyday everything's.' The simple act of involving God daily in all you do will do wonders for your faith walk and work life. Each devotion can be read or listened to in audiobook form in 5 minutes or less each day. With each day of experiencing *DIVINE INTELLIGENCE*, you will increase in God's Presence, Power, and Wisdom.

**ON-YOUR-OWN:** Whenever possible, pick a place and time to meet with God each day consistently. You can do this at home in a favorite chair, at your desk at work while on break, in an empty conference room, or during lunch each day. The key to growing in intimacy in your relationship with God is consistent pursuit of Him and His Ways.

**SMALL GROUPS:** Starting a small group is as simple as grabbing a friend you would like to grow with, then start reading and praying together. You, them, and Jesus make a majority. Successful Small Groups often have a facilitator and not a teacher leading them. What is the difference? A facilitator (that can be you) leads the group in discussion using the questions provided in the REFLECT TO CONNECT section of each devotion and encourages group members to do the exercises in the free downloadable **WORK-LIFE JOURNAL**. The key to growing in daily bible study is to discover the relevance in the topic of the day and how to incorporate it in your life so that you will go from strength to strength in your walk, work, and relationship with God. For Small Groups that meet weekly, please encourage members to read the five Monday-Friday devotions each week and then Journal on the one that hit home the most, this is the Work-Life Journal they will want to share with the group.
